WHAT TO DO

Your young child can make his or her very own Valentine's Day card and send it to a friend or relative. Help your child set a purpose by talking about who the card is going to and why he or she is giving it to that person. Have your child draw and decorate it any way he or she likes. Read the words on the card for your child.

Vary the activity by providing glue and collage materials such as beads, seeds, buttons, glitter, and so on. Or you can offer paint, or any other media you happen to have.

LEARNING GOALS

Drawing helps children communicate thoughts and feelings. Sending a card supports social connection, including a sense of empathy.
