

## Toot and Puddle's Favorite Activities

### Toot's Keepsake Suitcase

Make your own suitcase to keep souvenirs of your adventures.

- Shoe Box
- Clear Packing Tape
- Construction Paper
- Glue Stick or Craft Glue
- Crayons or Markers
- Pictures from Magazines, Postcards, Stickers, Contact Paper
- Thick Ribbon

If your shoebox lid is separate from your box, tape one of the long edges of the lid to the box so it opens and closes like a suitcase. Wrap the box in construction paper and decorate your suitcase to show the places you've been or want to go. Use pictures from magazines, postcards and stickers to decorate. On your next vacation, buy a postcard or sticker and add this to the suitcase!

If your suitcase needs a handle, you can poke two holes, about 4-inches apart, on the box opposite the attached side. Cut a piece of ribbon about 12 inches long, thread both ends down through the holes, and tie them together on the inside of the box.
