DESERT SONG

words & music by Tim Burns

Well, I was riding a camel with 4 humps, and he said
"I need a drink, if I don't get any water soon,
my humps are sure to shrink"
Up ahead was something blue we raced to it and found...
Blah - that's not water, just a blue sneaker on the ground

Now I was riding a camel with 3 humps, he said
"I need a drink, if I don't get any water soon,
my humps are sure to shrink"
So we spotted something cool, we ran to it and then...
Blah - it's just some sunglasses, we gotta try again

I was riding a camel with 2 humps, he said
"I need a drink, if I don't get any water soon,
my humps they're sure to shrink"
Up ahead we heard a splashing sound,
we raced ahead to see ...
Blah - it's just a scorpion watching movie on TV

I was riding my camel with 1 hump, he said
"I need a drink, if I don't get any water soon,
my hump is sure to shrink"
Up ahead we saw something trickling and dripping and wet...
WATER!
Glug glug glug glug glug glug...

Now I'm riding my camel with 9 humps,
and he smiled and said to me
"I really have to go!"

The End!
