## HIKING SONG

words & music by Tim Burns

We hike, we love to hike  
To be outside and to see the scenery  
And we always make a great discovery!

Look at that tree! Ooh!

A tree, I see a tree,  
with bumpy bark from the roots up to the sky!  
And it all came to be  
from a seed smaller than me!  
Yes a tree is a great discovery!

(Look at this rock! Cool!)

A rock, what a shock!  
It may have been here for a thousand years or more!  
And every size and shape you see  
is a piece of history,  
yes a rock is a great discovery!

Listen! Up there!

A bird! That's what we heard!  
And each kind of bird can whistle its own song!  
(whistle whistle) wowiee!  
Yes a bird is a great discovery!

And that's why we like to hike, yessiree!
